Instructions

Thank you for your purchase. We hope that you find these flashcards beneficial to your studies!

As you page through this set of flashcards, click on each term to flip the card over and view the corresponding definition. To easily navigate among the categories in the set, you can click the “Table of Contents” icon in your chosen eBook reader. Using this tool, you will be able to select a category to view a clickable list of the vocabulary it includes. For a list of all terms in alphabetical order, please visit the index. Selecting a term within the index will take you to that individual definition.

If you are accessing this product through VitalSource, we recommend downloading the Bookshelf app on your desktop or phone for optimal use.

Introduction

Domestic Violence and Nonfatal Strangulation Assessment is designed to standardize anatomic nomenclature as it relates to the head and neck for both new and experienced sexual assault nurse examiners and sexual assault forensic examiners. This assessment will also prove beneficial for first responders, medical residents and physicians, nursing students, and nurse practitioners.

These electronic flashcards, meant to accompany the *Domestic Violence and Nonfatal Strangulation Assessment*, were created with students in mind, featuring key terms and definitions that enhance and inform the core content of the text. The terms are organized into 5 categories: Anatomy, Anatomic Review, Injuries, Examination, and Miscellaneous. This downloadable set includes over 100 interactive, color-coded cards that largely pertain to the appearance and identification of nonfatal strangulation in victims of domestic violence. In the anatomic review, diagrams and full-color photographs aid students in identifying anatomic structures.

As a publisher, STM Learning's mission is to provide relevant information to professionals and consumers who are in a position to identify, interpret, report, prevent, or treat child maltreatment, sexual assault, and domestic violence. With this series of flashcards, we aim to heighten awareness of these issues by making our content more accessible to people in a variety of fields and stages of education.
