*Sexual Assault Victimization Across the Life Span, Volume 3: Special Settings and Survivor Populations* completes an exhaustive, 3-Volume set on sexual assault by focusing on the particular needs of special survivor populations, as well as survivors in unusual or otherwise unique settings. Sexual assault responders working among, or associated with, assault survivors in assisted living homes, academic institutions, correctional facilities, and more will benefit from an uncommonly focused and precise study of the populations they serve.

With chapters written by expert sexual assault responders, and including nearly 200 full-color photos provided by attending medical practitioners and law enforcement investigators, this third and final volume will make an ideal visual reference and instructional guide for professionals working with assault survivors in special populations. Readers in medicine, law enforcement, social service, and any other readers in sexual assault investigation will all enjoy the comprehensive informational support provided by this unique new title.
